

TECHNICAL DATA SHEET · HS CODE 1301 90 21

Dewaxed Shellac

The most refined grade of shellac — wax content below 0.2%. EU E904 food additive compliant, FSSAI approved, REACH certified. The preferred choice for confectionery, pharmaceutical and high-clarity wood finishing manufacturers worldwide.

<0.2% Wax Content	E904 EU Approved	100 kg Min. Order	REACH Compliant
----------------------	---------------------	----------------------	--------------------

SPECIFICATIONS

Wax Content	Less than 0.2% (regular) Less than 0.1% (super)
Bleach Number	Regular: 60–75 Super: 80+
Acid Value	60–75 mg KOH/g
Alcohol Solubility	Greater than 98%
Moisture	Less than 1%
Heavy Metals (total)	Less than 10 ppm
Arsenic	Less than 1 ppm
Lead	Less than 2 ppm
EU Food Additive Status	E904 — Shellac, approved glazing agent
REACH Status	Compliant — SVHC declaration available
Colour	Pale yellow to off-white flakes
Standard Packing	25 kg multilayer food-grade bags
Minimum Order	100 kg
Lead Time	5–7 working days
Shelf Life	24 months sealed, cool and dry
Incoterms	FOB Kolkata / CIF / DDP
